Simply clever: Turn signal for gluing on all flat surfaces

D-Breisach, 27th March 2018 Simple and clever: The new E-marked “littleOne” LED mini turn indicator from German motorcycle accessory manufacturer WUNDERKIND-Custom is a simple ‘glue-on’ - no hardware needs, no screws, no drilling, just glue.

“We wanted to be able to offer a turn signal that is small and can be attached almost effortlessly, almost anywhere, in an instant,” says Managing Director Christian Mehlhorn. “The result is the LED mini-link “littleOne”. Its housing can easily be permanently attached to all flat surfaces with a minimum size of 11 x 26 mm, using a special 3M adhesive tape for a one-version-fits-all solution”.

The housing is CNC-machined and black anodized, and the kit includes two LED mini indicators and solders connectors for a quick electrical connection.

WUNDERKIND-Custom is a German premium brand of ABM which produces high-end accessories for motorcycles. It has been founded in 2013 by family head and CEO Christian Mehlhorn. While in the beginning the brand produced parts only for Harley-Davidson motorcycles it now contains also products for many common bike brands and custombikes. All products are constructed, designed, manufactured and retailed under the umbrella of the well-known company ABM Fahrzeugtechnik GmbH in the south of Germany.

ABM Fahrzeugtechnik GmbH is manufacturer of high-end accessories for sport and custom bikes. The company was founded in 1985 and named after the founder Arthur Berthold Munz. Since 2010, Christian Mehlhorn has been the managing director who is responsible for about twenty employees in the field of development, production, marketing and sales at the permanent business establishment in Breisach am Rhein, Germany. Meanwhile, the company has launched two brands: ABM ergonomic style & WUNDERKIND-Custom.
