### Company portrait

**„Everything from one hand” – from the development phase, through manufacturing, until distribution.**

***Breisach a. R., 14th July 2017* ABM Fahrzeugtechnik GmbH (ABM) produces and distributes accessories for motorcycles for more than three decades. Under the umbrella of ABM Fahrzeugtechnik GmbH two brands has been launched: “ABM ergonomic style” with products for all common (sport) bikes. And “WUNDERKIND-Custom (WK)” with premium-design-parts for various models of Custombikes and Harley-Davidson motorcycles.**

The assortment includes braking technology, electrics, lightening, risers, handlebars, sport foot rests and stainless steel brake lines in addition to products for protection and safety, superbike-modifications and a lot of diverse accessories.

The team is especially effective in the production of small, complex milling parts which need to be made with much precision in detail - like brake caliper and brake disks, for example.

In addition to the fabrication and distribution of its own products, contract manufacture is a special power range of ABM. Within a short time pioneering product wishes of customers or merchants can be implemented and introduced to the market.

The ABM team consists of former racing drivers, daily drivers, design lovers, fans of motorcycles and engineers. In the focus stands quality and modern leading-edge technology as well as innovative driving pleasure and design.

After the development and production, all the “Made in Germany“ parts are tested in-house and under hardest conditions: ABM supports racing teams, like the 125’, 250’ class of the IDM, the Motorcycle-Grand-Prix plus the Superbike and Supermoto-Sport. For all products detailed installation introductions and drawings are provided which guarantee an optimal obstruct and use of the parts.
