

## PRESS INFORMATION

**Now available: Forward control for Harley Softail models from 2018**

***D-Breisach a. R. / 29th Mar 2019.* It was worth to wait for: Accessory manufacturer WUNDERKIND-Custom has completed the announced forward control for the new HD Softail models in time with the begin of the new season. The result convinces by innovative adjustment options for a relaxed sitting position.**

In addition to the already known versions for Indian and Triumph Bobber models the forward control is now also available for the new Harley-Davidson Softail series from 2018.

Special emphasis should be placed on the numerous adjustment possibilities. It can be mounted at three different positions. Depending on the personal preferences the forward control can be fixed either 6 cm, 8.5 cm or 11 cm further forward in comparison to the original one. Moreover, the angle of the brake pedal as well as of the gear lever is settable in many steps. Thus, there is nothing preventing you from a very individually tailored and relaxed seating position.

The shapely foot rests with the design ‚Crown‘ reduce vibrations and are made of sticky rubber so that the feet do not slip in case of wetness. A CNC-milled foot brake cylinder with a suitable steel brake line and a high-end switching rod are included in the delivery.

All parts are CNC-milled and surfaced by house-made anodized layer BLACKPearl. The certification can be downloaded free of charge at the producer’s website. The price of the forward control: EUR 1099.00 incl. VAT.
